Enterprise Video Platforms Category

Video platform software allows you to upload and store videos which can be viewed by others. These sites provide viewer restriction features, so you can decide who to give access to specific videos. Plus, they have embedding functionalities which enable you to integrate videos into presentations, instructional videos, and websites.

Video platform software also provides a search function and tags to assist visitors to find the videos they want. This tool is used by culture, marketing, and content teams in a company to store and share video content with their colleagues and clients.
Customer Success Report
Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

**CONTENT SCORE**
- Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- Customer reference rating score
- Year-over-year change in amount of customer references on FeaturedCustomers platform
- Total # of profile views on FeaturedCustomers platform
- Total # of customer reference views on FeaturedCustomers platform

**MARKET PRESENCE SCORE**
- Social media followers including LinkedIn, Twitter, & Facebook
- Vendor momentum based on web traffic and search trends
- Organic SEO key term rankings
- Company presence including # of press mentions

**COMPANY SCORE**
- Total # of employees (based on social media and public resources)
- Year-over-year change in # of employees over past 12 months
- Glassdoor ranking
- Venture capital raised

---

**Award Levels**

**MARKET LEADER**
Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

**TOP PERFORMER**
Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer’s products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

**RISING STAR**
Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

ABOUT BRIGHTCOVE

Brightcove Inc is the leading global provider of powerful cloud solutions for delivering and monetizing video across connected devices. The company offers a full suite of products and services that reduce the cost and complexity associated with publishing, distributing, measuring and monetizing video across devices. Brightcove has more than 5,000 customers in over 70 countries that rely on the company’s cloud solutions to successfully publish high-quality video experiences to audiences everywhere.

FEATURED TESTIMONIALS

“After reviewing our options, the Brightcove Video Cloud online video platform was the best option for us from a performance and cost-effective standpoint. We’re essentially putting our expectation on Brightcove to adopt those new technologies and standards, so there’s little need for us to invest in new technology on our side. We can just stream the same signal, and Brightcove will deliver and adapt to changes in technology. It’s been significantly simplified.”

EITAN WEISZ
SENIOR MANAGER OF TECHNICAL OPERATIONS, CABLE PUBLIC AFFAIRS CHANNEL

“First of all, Video Cloud’s impressive track record with leading companies worldwide was important. Other decisive factors included its functional capabilities that resolved our conventional problems and the abundance of tools and APIs it offers to simplify user connectivity needs and further development.”

JUN OKAMOTO
WORK GROUP MANAGER OF THE INTERNET PLANNING OFFICE, TOYOTA

“I am particularly happy with the sophistication of their platform which allows us to easily target and track video advertising across our mobile sites and apps, deploy a time-based ad tracking system and quickly scale delivery of our online video products.”

JOANNE KENNEDY
VP OF TECHNOLOGY, NBC NEWS

“Deliverability is our number one priority, and a good viewing experience requires optimization for each user. That’s what we deliver with Video Cloud: very efficient and adaptive streaming.”

“We have worked successfully with Idomoo for a number of years, deploying Personalised Video campaigns across our different brands Europe-wide. For us, one of the greatest USPs of the Idomoo platform has been to deliver hyper personalised customer comms at scale. We have been able to communicate to all our audience segments, offering tailored offers and cool user insights, which have driven impactful business results and value.”

VITA AHMAD
SENIOR CRM MANAGER, KINDRED GROUP

“Idomoo’s Dynamic Video Ads solution gave us the opportunity to seamlessly leverage customer data in a new and exciting way. With their help, we brought the focus of our Facebook campaign onto our individual customers through Personalized Video. It was an industry first and a direct reflection of how much we value driving meaningful connections and Wow Moments with each and every one of our customers.”

KRISTIAN LORENZON
HEAD OF SOCIAL MEDIA, O2

“With Idomoo, we were able to create a full Personalized Video campaign in a very short timeframe, managed in a single place. The Idomoo platform perfectly fits into our existing animation and video creation workflow. We can keep using the tools we always have been using.”

PIETER MYLLE

“JW Player is an all-inclusive app experience where you upload it and then everything is pretty much handled for you. That’s been a huge asset for us because we’re such a small company with such a small team trying to do everything. Being able to offload that experience and expertise our team doesn’t really have has been a huge asset to us.”
ADAM FRICK
DIRECTOR OF WEB DEVELOPMENT, KELBYONE

“JW Player’s innovative and flexible platform differentiates it as a highly valuable solution for building customized videos for our audiences.”
MARK KORTEKAAS

I have always been a strong believer in the engaging power of video. Oracle was an early adopter of video technology, and we rely heavily on Kaltura’s platform for a wide range of use cases. Kaltura’s video tools that power our internal and external video portals, webcasting, and video messaging, are very popular and widely adopted at Oracle.

CHRIS STONE
SENIOR VICE PRESIDENT, ORACLE

We liked all the features Kaltura provided, especially the fact that it was a hosted environment and has a central location to store videos. The staff found Kaltura easy to use and liked that they can record and upload a video once but have the ability to use it in multiple places.

SHARON FLYNN
ASSISTANT DIRECTOR AT CENTER FOR EXCELLENCE IN LEARNING AND TEACHING, NUI GALWAY

It was important that OneVoice should be easy to use. The video social media format is familiar to all our employees. And the great thing about video is that we can capture the genuine employee voice, share best practices and collaborate in a highly-engaging format.

“I'm still exploring all the possibilities and options that Panopto offers. In the first instance, I've been able to aggregate all my existing training videos from various external repositories and our own server into one centralised and secure location. I can then edit and combine various sections in situ, and create snippets, clips and highlights quite easily, as well as being able to control who sees them. I've also been able to add PDF documents to videos to add more detail for learners.”

KEITH VALLIS
DIRECTOR OF CURRICULUM – ICT, BARKER COLLEGE

“With my tight schedule, the Panopto video system certainly helps me a lot in my teaching. I am able to prepare my lessons as video recordings and have them uploaded into our VLE, which enables my students to learn both prior to my lecture as well as after class time is over. I have incorporated videos into my flipped classroom and problem-based learning (PBL) activities as well, which seems to inspire my students and get them more engaged in their learning.”

AHMAD ZAHIR MOKHTAR
DEPUTY PRESIDENT, UNIVERSITI KUALA LUMPUR

“Panopto is very easy to use – it's so simple to record, edit and share video content using the system. This ease-of-use will really help us boost uptake of the solution amongst our staff. It's a relief that you don't have to be an IT guru to be able to understand it.”

“When we were looking for a virtual event solution, the number one thing was ease of use. We had a very short time to turn this event around. We also knew we wanted to have a combination of live streaming and pre-recorded content, and wanted participants to be able to interact with one another. All of these features were available from Qumu.”

NICOLE DOLAN
SENIOR DIRECTOR, AMERICAN FOUNDATION FOR SUICIDE PREVENTION

“Because the Prinses Máxima Centrum is a new hospital, we needed 1,000 new healthcare professionals very quickly. Qumu’s video platform and video app gave us the opportunity to develop a completely new approach to recruiting.”

DIENEKE MANDEMA
DIRECTOR OF ORGANIZATION AND HUMAN RESOURCES, PRINSES MÁXIMA CENTRUM

“Qumu has enabled us to really craft targeted videos for our employees and connect with them with the same thought and intention as face-to-face communications.”

FEATURED TESTIMONIALS

“Working with Wowza gives us the tools to offer a video streaming solution that is cost-effective for government while being at the leading edge of the industry. With the system we built on Wowza technology, government agencies can connect with citizens in meaningful new ways online, over mobile devices, or on social networks.”

JAVIER MUNIZ
CTO, GRANICUS

“Wowza Streaming Cloud is the only cloud-based live streaming technology we found that gives us full confidence in delivering high quality live streaming, to all output formats and devices anywhere. The easy out-of-the-box setup and use enabled us to achieve our goal in record time. It just works!”

DANIEL FEDERAUER
HEAD OF INNOVATION MANAGEMENT, SONY

“The systems and APIs built into Wowza Streaming Cloud made it very easy for us to schedule hundreds of videos for playback at a time. Counting on this system to reliably start up the scheduled playback and begin streaming required almost no labor on our part.”

NICCOLO CASTRATARO
MANAGER OF DIGITAL MEDIA, FREEMAN

“We chose Wowza for three key reasons. First—affordability—the Wowza price-to-performance ratio is outstanding. Second, Wowza is incredibly flexible so we can easily customize it. Third, it is stable and virtually trouble-free.”

ABOUT BONJORO

Bonjoro is building the world’s first Customer Delight platform to help great teams build real relationships with their customers at scale. Originally developed as their own customer success hack for their last business overnight, Bonjoro tripled their response rates vs. automated emails (see their final version of Bonjoro here). Two years later, thousands of businesses across the world use Bonjoro to spark meaningful conversations and powerful, lasting relationships with their customers too. And the journey has only just begun.

FEATURED TESTIMONIALS

“From a statistics point of view Bonjoro has been absolutely incredible for our business. We actually started using Bonjoro as a bigger strategy to increase retention, and the results were incredible. In the space of 3 months we were able to reduce our churn by 12%, which is huge from a B2B SaaS business perspective. We were also able to shorten the sales cycle because we were able to establish trust early with a personal connection.”

JESSICA RUHFUS
COLLABOSAURUS

“I use testimonials to get member feedback - both video and text - and to display all this goodness publicly on my website. Impact wise, I find it’s just a much easier way to collect feedback and make it public. It’s easy to manage, easy to share, and it’s easy to leave a glowing review!”

CHLOE MARKHAM
CHIEF EXECUTIVE OFFICER, THE YOGA REVOLUTION

“Our launches usually make around $400,000 in sales and our last one was $748,000 - I really believe adding Bonjoro videos to prospects was a HUGE contributing factor in that.”

ABBEEY ASHLEY
FOUNDER, THE VIRTUAL SAVVY

“Since adding Bonjoro, 75% of my customers have replied with an email saying how surprised and delighted they were to receive my video and 50% actually found my social accounts on their own.”

ABOUT CINCOPA

Cincopa is an All Inclusive Online Video & Media Platform offering Enterprise solutions for Marketing Teams, Secure Internal Communication, Publishers & Media Companies, Education and Sales. Cincopa offers Public Cloud as well as Private Cloud, Hybrid and On-premise deployment to fit the needs and security requirements of the modern organization.

FEATURED TESTIMONIALS

“After performing extensive research and testing, the only hosting site we found that met our needs was Cincopa. They are the only provider that has the security for a number of users and the analytics which create the feedback on the system usage to a detailed level. Overall, Cincopa has been very effective for Scottish Ice Hockey, enabling junior ice hockey to move forward and keep kids engaged during this difficult time.”

MARTYN KING
MANAGING DIRECTOR, SCOTTISH ICE HOCKEY ASSOCIATION

“The ability to alter wording, to decide on which videos should appear in specific galleries and the overall look of each gallery without having to do any additional coding on our website is an amazing time saver. Learning Cincopa’s structure was very easy, but when a question did arise, their customer service was amazing.”

ERIK KALLIO
VICE PRESIDENT, LAURA STAMM POWER SKATING

“Knowing that it was expected of us to provide customers with in-app Pendo support led us to seek out a solution that would support video, as well. The flexibility and simplicity of video embedding rendered Cincopa the perfect choice. Now, our training videos can reach our clients where they need it and when they need it.”

Mediasite offers scalable video streaming technology solutions for business, healthcare, education and events. Mediasite Video Platform quickly and cost-effectively automates the capture, management, delivery and search of live and on-demand streaming videos and rich media. Mediasite transforms communications, training, education and events for more than 4,300 customers in over 65 countries. Leading analyst research firms Aragon, Forrester, Wainhouse and Frost & Sullivan recognize Sonic Foundry as a leader in enterprise video, webcasting and lecture capture.

**FEATURED TESTIMONIALS**

**RAY ROLLINS**
CLASSROOM TECHNOLOGY MANAGER, UNIVERSITY OF PENNSYLVANIA PERELMAN SCHOOL OF MEDICINE

"The main reason we chose Mediasite was its ability to record back-to-back lectures. We can't wait 2 to 4 minutes for a video to finish processing before we start another recording. We chose Mediasite because we can stop a recording and start another within 60 seconds. Mediasite is easy, fast and convenient. We get comprehensive capture and video management all in one platform."

**BOYCE JOHNSON**
MEDIA TEAM LEADER, IT, CITY OF MADISON

"Prior to Mediasite we had to combine a lot of different hardware and software to capture video and we had to make our own media management system. Mediasite has everything we need in one platform. Mediasite is robust, integrated and flexible. The value of Mediasite is the combination of the capture and the streaming tools with the really robust organizing tools on the backend."

**DIAN WEBBINK**
LEADING E-LEARNING PROJECT CONSULTANT, MEDICAL CENTER LEEUWARDEN

"Mediasite is very easy to use, and the videos are just a click away whenever they're needed. We are happy that Mediasite is compatible with our learning management system so we can fully integrate videos in our curriculum."

**MICHELLE REED**
ONLINE VIDEO STRATEGIST, CUYAHOGA COMMUNITY COLLEGE

"Tri-C used several video solutions simultaneously before moving to Mediasite. It was ineffective and expensive. Mediasite allows us to consolidate our video efforts and save money."

**Featured Testimonials**

"uStudio gives us the ability to go fast by using solid tools and restful video APIs all across the board. We quickly realized that uStudio is, by far, the most complete video platform offering in the Salesforce environment. I think for somebody who wants to get involved in video and wants to be on the cutting edge of where a lot of the internet is right now, getting to know uStudio is something that’s absolutely essential. It’s been a really great way to build technology on the web."

JOSEPH DINDINGER  
CHIEF EXECUTIVE OFFICER, TOAFINISH

"Distributing digital video had become so complex that I felt like I needed a PhD to figure out which files I needed for all the different destinations. With uStudio I just create one file, upload it, hit some buttons and uStudio does the rest. Now we can do more work and be more productive."

TRAVIS WURGES  
technical director, content and distribution, the butler bros

"The analytics in uStudio has helped me forward the strategy for digital overall. We now have video data that we can report back on. That’s something we never had before."

COLLEEN BATTLE  
Global digital marketing manager, alcon novartis

"The best thing about uStudio for developers is it just opens up the door to what you can do with video by being able to access all this data in its raw format and not just purely a framed video on a site."

YuJa is a recognized leader in enterprise video solutions. They serve organizations of all sizes, within all sectors, delivering video experiences that include lecture capture, media management, live streaming, video conferencing, video quizzing and immersive social & mobile engagement tools.

YuJa has been a great tool for us to be able to build online courses that are as close to being inside a room as possible with the multi-stream video player and capturing features. Having multiple features in a single platform makes everything quicker and easier to use for instructors and students alike, and has been key running smoothly, especially during the pandemic.

KEVIN LIPNOS
DIRECTOR OF MEDIA PRODUCTION FOR ARTCENTER ONLINE, ARTCENTER COLLEGE OF DESIGN

We have hardware cameras, computers with built-in webcams, full mic systems, and everything ties in nicely. Some instructors use Zoom to capture videos and then import them to YuJa, while others use the web browser capture or the downloaded software capture to record.

GREG KRYNEN
INFORMATION TECHNOLOGY SERVICES TECHNICAL TRAINE, ANTELOPE VALLEY COLLEGE

YuJa has not only allowed instructors to easily record video, but it has allowed them to add interactive quizzes and make lectures much more engaging. Now, students are able to watch and listen, and they can record and share their own interviews and videos.
